**WHAT IF I
DO NOT HAVE
A COMPUTER?**

We understand that there is still a minority of our supporters who do not have a computer. So we will be doing a small in-house print run of 50 copies only. Write to us and let us know. Please know this will be on a 'first come, first served basis', and it will be one copy per person.

Focus On
ISRAEL

SPRING 2020

infocus

A quarterly newsletter from Focus on Israel, providing information, teaching & news about Israel, and offering opportunities to support or discover our work in the land.

**SPECIAL
EDITION**

*We Are
Going Digital*

Your help today is our hope for tomorrow

WORLD COMMUNICATIONS HAS CHANGED

**Producing a digital
newsletter will
release over
£8,000 per year**

**Will you help
us by signing
up for our new
digital
Newsletter?**

I will never forget the time when our family had their first telephone installed. We had what was called a 'party line', which means that it had to be shared with a neighbour and so use the line in turns. But that did not matter because we were first in our street to own a private phone line.

Over the last century the way we communicate has changed beyond recognition. Each generation has marvelled at the growing technology. Today we are experiencing another revolution and its pace is far more rapid than previously known. The more normalised digital media becomes, so does the cost of postage, paper, print and distribution to

compensate for their lost business. With some reluctance, we believe that it is now time to say goodbye to the traditional methods that we have used for communication. What has now become expensive, will soon be prohibitive.

Following this printed newsletter we will begin producing a digital version which will be sent to all our partners via an email link. By doing so, we will save over £8000.00 per year, which can be used for our ministry work in the UK and Israel.

Plus the electronic version will have more pages, provide far more information, teaching and news about what God is doing in Israel.

**Closing date
June 10th 2020**

5 BENEFITS *With a digital newsletter*

1 LOWER COST

We value your partnership and financial support, which often comes through sacrifice. As we have mentioned already, the biggest advantage of a digital newsletter is the reduced cost. This means that we can use more of your giving on supporting different ministries in Israel and our frontline activities of outreach, discipleship and social care.

2 ADDED VALUE

Currently our costs prohibit us to only send you a four sided newsletter, which naturally limits what we can share. With a digital newsletter we can provide you with more content that gives detailed information, great teaching, more news about what God is doing in the Land and more ways for you to get involved. Now, that has got to be worth it!

3 LESS WASTE

Getting printed newsletters can be good, but what do you do with them when they have been read? Bin them? File them away along with everything else until it all becomes too much and you have to do a drastic cull? With a digital newsletter, it is online, easy access 24/7, there is no storage problems, cuts down on your waste, and we will create a bookshelf of all back

4 EASIER TO CONNECT

Currently, we include a paper response for you to fill out and physically post to us. With an online newsletter we can provide you with a no cost, easy and instant response form.

5 HELP YOU BECOME A GREATER BLESSING

We value your partnership and we know that like us, you have a love for God's people and His ongoing purposes for Israel. Our work is growing and so is the Messianic community in Israel who we have close ties with. By making these changes will help you be more informed and be a closer part of this vital ministry. We are here to bless you too!

BDS MOVEMENT HYPOCRICY

**BOYCOTT, DIVESTMENT AND SANCTIONS
AGAINST ISRAEL**

**If Israel creates a Covid19
vaccine it is ok to use it.**

It has been reported by The Jerusalem Post that Omar Barghouti, the founder of the BDS Movement has made statements during a facebook Webinar, that if Israel invents a vaccine for the coronavirus, it would be ok for people who normally boycott Israel to use the vaccine, if it saves their life. Here are a few of his reported comments.....

"if you use medical equipment from Israel — it's not a problem. Cooperating with Israel against the virus – to begin with, we do not consider it normalization."

"If Israel finds a cure for cancer, for example, or any other virus, then there is no problem in cooperating with Israel to save millions of lives,"

"up until now, we have not been in a situation where we need Israel urgently and no one else can save us but Israel. If that will happen, saving lives is more important than anything else."

It would seem that it is only ok 'not to be anti-semetic' when you think that Jewish people can save your life!

**YOU CAN READ OUR DIGITAL NEWSLETTERS ON
Desktops, Laptops, Ipads, Android Tablets and Mobiles.**

If you have never viewed a newsletter online before and are not sure about all this technology, please contact FOI and we will guide you through the process, in a friendly and easy manner. Email: mark@foiuk.org

**The new digital newsletter will include the full
Revelation TV interview with our Chair, Mervyn Tilley**

NEW TEAM MEMBER IN ISRAEL

At FOI we understand that many are fearful for the months ahead due to Coronavirus and are possibly not sure about the future for them, their ministry and the work that they have been involved in. Focus is not a large ministry by any means, and would humanly have reason for concern about our immediate future, but we believe our future involvement in the Land is secure and that our ministry definitely has a part to play in God's future purposes for Israel and the sharing of the good news of Yeshua. For this reason we have taken a step of faith to employ a new member for our work in Israel. We are acutely aware of his great work for the Lord over the years in Israel and are extremely privileged to have him onboard.

Full information about our new team member can be read on our New Digital Newsletter!
